Student Comments

Extremely helpful, and a great teacher

Extremely helpful and good at explaining concepts

Amazing lead TA for labs. Great communication and obvious grasp of understanding on material

Amazing, reached out to me for help.

He was awesome!

His profile picture is weird.

was willing to answer question even after designated office hours, clear explanations and was patient

Extremely dedicated and excellent at explanations. Very friendly and approachable. Definitely hire again

Cameron always gave very comprehensive and understandable explanations. He was very helpful in lab and exam review sessions.

He knows what he's doing, and spends a lot of time making sure we understand topics we might have questions on

Nice dude

Cameron is a very great TA and I would definitely recommend hiring him again.

Cameron was really helpful, especially when I was having issues with a partner. He also never failed to make class interesting, and did his best to keep students engaged.

take cameron on for accel fundies 2!
